### The Fraser River has never been more exciting than right NOW

The Mighty Fraser comes alive as the salmon return to complete their life cycles. Explore the shores of the river and spot deer, bear and hundreds of raptors and other water fowl. It is an experience not to be missed and Fraser River Safari is happy to take guests their in warmth and comfort 7 days a week.

### The 14<sup>th</sup> Annual Fraser Valley Bald Eagle Festival - Nov 21<sup>st</sup> -22<sup>nd</sup> ,2009

We are 3 weeks away from the Fraser Valley Bald Eagle Festival and things are getting very exciting. The hard work of the society has received national recognition with an article in September's Travel Canadian Geographic and the week before the festival will appear on the "Shaw Express" with Johanna Ward. We live in such a special area and the need to protect it has never been greater.
