

Out with the Old, in with the New!

This "Winter" I decided to let the weather dictate my to-do list. The result, warm temperatures and budding plants have pushed me to do a little early Spring Cleaning. So we are now introducing a fresh style for the FRS Newsletter, a brand new look for the website and the 2010 Calendar of Events is now up and available for viewing .

Beat the HST!

Planning on joining the fun this year, or, do you know someone who has been thinking about exploring with Fraser River Safari but hasn't?? Why not purchase a Gift Voucher valid for anytime during the 2010 season before July 1st and beat the HST?? Call or email us and we can create a gift or tour voucher for you.

The Mission Spirit Square at Jack Poole Harbourside Park

It was a long time in the making, but the Mission Spirit Square is here and looking fine! Next time you are down by the Harbour make sure you cruise by and take a look. Of course there are a few plantings and art pieces left to add but the picnic tables, benches and new ramps make a great spot to rest and enjoy the river. The park also serves as a memorial for Mr. Jack Poole who we lost in late 2009. Grand opening will be in May!
