# DISCOVER THE MIGHTY FRASER RIVER

For more than nine thousand years a distinct culture, industry and wildlife has evolved on the Mighty Fraser. Fraser River Safari will take you on a journey into discovering the river's remarkable history, which carved a rich legacy for British Columbia.

The adventure begins at the logging harbour in Mission, where you will be welcomed on board Fraser River Safari's fully covered, all-weather safari craft, which has been custom designed to provide you with the utmost in comfort and safety.

From here your highly trained guide will weave through the huge braided channels of the Fraser, centered between the Coast Mountains and Cascade Mountains north of the US border, and over looking the snow capped volcano Mt Baker.

Along the way your guide will stop to tell First Nation legend and tales of missionaries, fur traders, gold miners, as well as the elusive sasquatch, before reaching the snow fed waters of the Harrison river.

Every changing season brings with it a new hive of activity on the Fraser, with abundant birdlife as well as the often sighted bears, seals, and deer, all providing a paradise for both the seasoned and amateur photographer.

On the homeward journey, your driver will have the chance to demonstrate what the boat is capable of. Giving you an enjoyable and entertaining finish to a truly unforgettable tour.
